Re: Loon Gulf, Inc., Town of Franklin, County of Franklin Freedom of Information Request

The Loon Lake Homeowners' Association is very concerned about maintaining the pristine quality of our Lake. We recently became concerned regarding potential plans for redevelopment of the now closed Loon Lake Golf Course, owned by Loon Gulf, Inc.

As such, we ask that your agency keep the undersigned informed of any contact, preliminary or otherwise, regarding any proposed development for any properties owned by Loon Gulf, Inc. More particularly, please provide copies of any meetings notes, correspondence, or telephone conversations with any representative of Loon Gulf, Inc., or any other potential developer, including but not limited to Vincent Modena: Dennin and Dennin, attorneys; Ivan Zdrahal, P.E.; or Gary Ward or Cecelia Ward, AICP.

Please consult with me if the cost to copy the requested documents would cost more than \$25.00. I would also appreciate a written response if you do not have any records falling within this request.

Best regards,

Vince Pagano
